## DETAILED ACTION

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

2. Claims 1, 2, 4, 6, 7, 9 are rejected under 35 U.S.C. 102(e) as being anticipated by Lee (GB 2 345 598 A).

#### **Claim 1:**

Lee discloses:

“first means for performing pre-scan processing for successively tuning in on channels previously set, to examine whether or not a received signal on each of the channels is of a predetermined quality or more, and temporarily registering the channel numbers of the channels on which the received signals are of the predetermined quality or more in a storage device as receivable channel candidates”, see Abstract paragraph (57) lines 5-7, page 7 line 12 to page 8 line 8;

“and second means for performing normal scan processing for successively tuning in on the receivable channel candidates temporarily registered in the storage

device by the first means, to acquire and register necessary channel information", see Abstract paragraph (57) lines 7-9, page 8 lines 6-26.

Claim 2 is disclosed, see page 7 line 30 to page 8 line 4.

Claim 4 is disclosed, see page 6 lines 21-30.

**Claim 6** is rejected for the same reasons as claim 1.

Claims 7, 9 are rejected for the same reasons as claims 2, 4 respectively.

### ***Allowable Subject Matter***

3. Claims 3, 5, 8, 10 objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

### ***Response to Arguments***

4. Applicant's arguments have been fully considered but they are moot in view of the new ground of rejection.
